April 22, 2016
Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2014-15 educational progress for the Josephine Brighton Skills Center. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Adrianne Kubicki, Program Administrator, for assistance.

The AER is available for you to review electronically by visiting the following web site http://www.wyandotte.org/iobc/iobrighton-aer-reports/ or you may review a copy in the main office at your child's school.

Meeting the State of Michigan annual graduation rate is going to continue to be a challenge. The students of Jo Brighton receive a Certificate of Completion once they reach the age of 26 or chose to voluntarily exit our program. We are working with the state for guidance in this unique situation and how this data is to be reported. The introduction of the Common Core Essential Elements for Center Programs has helped teachers focus on academics for all ages.

State law requires that we also report additional information:
Jo Brighton Skills Center serves students from the seventeen downriver school districts. Students are referred by their local school district's special education director per Michigan Special Education Administrative Rule 340.1702 (Students with a Disability).

The School Improvement Team meets frequently throughout the school year to move our school forward. Our School improvement plan (SIP) incorporates Michigan Department of Education's Common Core Essential Elements for English language arts and mathematics. Additionally, it addresses our curriculum for our vocational and community based classrooms. Jo Brighton skills center continued the school wide curriculum, Unique Learning System, which addresses the state standards. A school-wide Positive Behavior Intervention Support program was integrated into the SIP.

Jo Brighton Skills Center is a center-based program for students with moderate cognitive impairments. The focus of the school's curriculum is on academic skills, social skills, vocational skills, community skills, and adult
daily living skills. We help to prepare our students for transitioning to adult life by teaching them to become as independent as possible. We provide families with resources and information related post-secondary training and adult life. Jo Brighton staff members, students, and parents work together to develop an individualized educational plan to meet each student's individual needs and to help them achieve their personal goals. We have an extensive work site based learning program that helps students with disabilities receive job training and eventual paid employment.

The District and County has transitioned to the Common Core State Standards (CCSS) as its curriculum. The Wyandotte Center Programs are using the Common Core Essential Elements in the areas of reading and mathematics, which were designed to build a bridge from the content in the Common Core State Standards to academic expectations for students with the most significant cognitive disabilities. Report cards include grade specific standards. Each teacher must plan lessons and learning experiences with the CCEE in mind. All lesson plans and IEP's must coordinate with the Common Core Essential Elements. Documents of these standards can be found at www.michigan.gov/mde and click on student assessment, then MIAccess and lastly Dynamic Learning Maps.

Student achievement is measured in many ways by the Jo Brighton Skills Center Staff. All of our $8^{\text {th }}$ graders participate in the MIAccess assessment in the areas of reading, math, and social studies. Our $11^{\text {th }}$ grade students participate in the MIAccess assessment in all subject areas: reading, math, science and social studies. Another way student achievement is measured is progress on all student's IEP goals and objectives in the areas of reading, math, vocational/functional, affective, speech and language, speaking and mobility.

For the past two school years, 90-95\% of parents attended the annual IEPT meetings. There is constant communication between school staff and parents through phone, email, IEPT meetings, tours and communication folders.

Jo Brighton continues with a school-wide positive behavior intervention support plan (PBIS). A matrix of behavior expectations was developed by staff. The behavior expectations are continuously reviewed and taught to students through various teacher-developed lesson plans. Students are rewarded and recognized for positive behavior on consistent bases. Tier 2 and Tier 3 interventions are used for students with more challenging behaviors. These interventions include check-in/check-out, mentoring, functional behavior assessments, behavior intervention plans, etc.

The implementation of the PBIS plan has led to a much more consistent approach to handling student behavior throughout the school. The expectations are made very clear to students in all of their classes.

Another notable achievement at Jo Brighton in the last two years is our growth in the area of academic instruction. In the past, students spent a great deal of time developing work skills exclusively. Today, students continue to work on their vocational skills, but also receive targeted instruction in the areas of math and language arts. Jo Brighton will strive to further develop an academic curriculum that is aligned to the Common Core. We are striving to help our students improve in the areas of reading and math. We also plan to continue to improve student behavior through the use of our PBIS plan.

Sincerely,
$\mathcal{A} d r i a n n e ~ \mathcal{M . ~ K u b i c k i ~}$
